We used to have a sister but she ran away with a man Only the two of us Tatsuma and I were left and we needed the money for living
I was only a young kid and there was no job for me I had no choice

If you hated me, I
I know it myself But... don't look at me this way...
You may think I am defiled
My hands are stained with the blood of many people
If you're defiled, then I'm even worse
I used to be a bandit in these mountains...
I was living on my own. The price I paid for it... My madness has killed my younger brother... my Fujimaru...
When I kill, and my hands are covered with blood, my own blood sings the song of joy... Even my parents think about me as a demon...

He was everyone's toy and I didn't notice anything
They were doing it just behind my back
Fuji-maru
Fujimaru is your brother ?!
